Subject: Nuclear Waste to Yucca Mountain?? NO WAY!!

Part of Records Package / Supplement / Correction

- C.htm

First of all, in light of the events of September 11, it would be totally irresponsible to ship these moving targets across the US. Secondly, it has NOT BEEN MADE CLEAR TO THE AMERICAN PEOPLE, that these shipments would be EVERY OTHER DAY FOR 25 YEARS!!!!!!!!!!!!!! Most people are thinking a shipment or two. This is deception at every turn. NO WAY!! Your deception is disgusting.
