Subject: **YUCCA MOUNTAIN PROJECT**

Dear Sir or Madam:

I am writing to express my concerns for storing nuclear waste at Yucca Mountain. I don't agree with this consideration. It is too close to home for myself and my family. We have lived here for over 7 years and want to continue living in Las Vegas. We are protesting the horrible decision to store nuclear waste in our home state!!!! It is dangerous, extremely scary, and not fair for the residents of this state to have to be concerned about.

Please re-consider storing nuclear waste at Yucca Mountain.

Sincerely,

Rhonda Johnson
