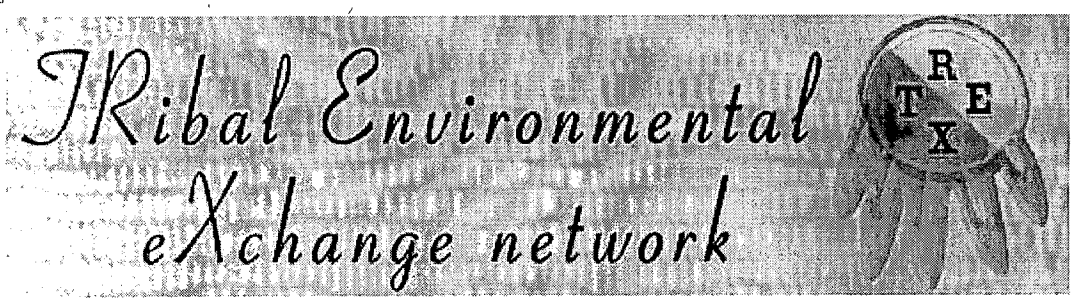
TREX Monitoring Operations

Data Reporting Pages

EPA Quick Look	An annual data summary for a selected paramter at all monitoring sites. Lists the number of observations and the 4 highest 1 hour measurement for the select year.
Hourly Averages By Parameter	Hourly averages reported by all monitoring sites, for a single parameter
Hourly Averages By Site	Hourly averages for all monitored parameters at a single site.
Plot Data Values	Generate graphical plots of hourly values for a selected parameter and monitoring site.
AQI (Air Quality Index) Ratings	The Air Quality Index Rating for specific parameters (O_3,CO,SO_2,PM-10,PM-2.5) at all monitoring sites.
Pollution Data By Parameter	5, 15 or 1 Hour averages for a single parameter at a single monitoring site.
CAMS Data Printout	5, 15 or 1 Hour averages for all parameters at a single monitoring site.
Monthly Summary Report	A Monthly Summary Report showing hourly values for one or more parameters.
Five-Minute Quick Look	Recent 5 minutes averages for a selected parameter at all monitoring sites.
Ozone 8-Hour 4 Highest	The 4 highest 8 hour ozone values at all monitoring sites.
Ozone 8-Hour Monthly Summary	The highest 8 hour ozone values in a one month period.
Ozone 8-Hour High Value Days	8 hour ozone exceedances.
Peak One-Hour Ozone	Highest one hour ozone values
Site Photos	Photographs of the monitoring sites

Comments regarding Monitoring Operations: webmaster@meteostar.com



Monitoring Operations

Data by Month by Site by Parameter

Select a monitoring site:

View monthly summaries of the hourly averages for all the pollutants and meteorological conditions measured by the TCEQ at your selected monitoring site. Select the monitoring site you are interested in from the list below. Please not that not all parameters are measured at all sites

CAMS 1017 C1017-Walker River Paiute Tribe-NV This page will refresh if you select a different CAMS from this list.

Always select the CAMS you want before setting any options below (selecting a new CAMS forces this web page to refresh and reset to the previously stored options).

Please select a CAMS from the list above.
